MIDDLEBURG.

An effort is being made to secure the services of Ekl. J. Q. Montgomery as pastor of the Christian church at Yosemite.

The ladies of the Christian church at Yosemite will give an oyster supper Saturday night, Dec. 19. The proceeds will go to the benefit of the church.

John Coulter bought the Cowan property of J. P. Fubbe for \$900, and a small store room occupied by the telephone exchange of F. L. Jones for \$150.

McClellan McAninch, who took Marshall Lair and his bloodhounds to Russell county to trail Elmer Hill, who murdered Mamie Womack, returned Sunday. J. C. Fogle went to Lakeland last week to see Robert Fogle, who is seriously ill. It was his purpose to bring him home, but found him too low to be moved. News of his death is expected at any time. Mrs. Amelia Wall, of Arabia, and Mrs. W. T. Trimble, of Kingsville, visited their sister, Mrs. T. S. Henson, last week.

Rev. W. G. Tilford came over from Eubanks and filled his appointment at the Baptist church Sunday morning and evening. Rev. J. L. Owens preached at Calvary Sunday. Rev. W. W. Hunt closed a very successful meeting at Salem Sunday. Rev. J. L. Owens will organize a teachers' training class at the Baptist church when he takes charge of the church on Jan. 1st. Rev. Owens' object is to bring the Sunday schools of the churches of which he is pastor, up to a high standard, and this can not be done without trained teachers.

Politics is on the move in this county just now. Candidates are thick and husky. Judge Raines is on the political war path and says he will make Wells and Wesley live hard before the present preliminary campaign is over. Mr. Wells is taking things easy and claims to have the nomination won, and it does look somewhat that way, though there are those who think otherwise. S. G. Elliott is making an active canvass for the nomination for sheriff and it looks like he will be our next tax collector. Almost every day a new candidate bobs up for jailer and there are now some 12 or more scrambling for that office. Matters are likely to become interesting before Jan. 16 comes, and we democrats are placing ourselves in position to get all the fun out of the fight we can, as that is all we are expecting.

HUSTONVILLE.

You will make a mistake if you buy your Xmas presents before you see the splendid selection of C. W. Adams. He has the most comprehensive line ever brought to Hustonville and you can find in it a suitable present for your father, mother, sister, brother, sweetheart or friends. Call at once and see for yourself.

The Hustonville district convention assembled in the Baptist church here Dec. 6. Rev. Willis conducted the song service. Revs. Barker and Taylor led in prayer and the convention was favored with an address on Sunday School Organization by Rev. Barker. He was followed by J. F. Holtzclaw with a talk. Dr. Barker, T. J. Robinson and John A. Blain were appointed a committee on nominations and reported as follows: For president, Charles Wheeler; vice president, George L. Carpenter; secretary and treasurer, Mrs. David Skinner; superintendent of teacher training, C. K. McClure; adult bible class, Mrs. J. C. Barker; house to house visiting, Mrs. A. J. Adams; home department, Miss Angie Carpenter; cradle roll, Miss Mattie Lipps. The address of Rev. Taylor on "The Essential Qualifications of the Sunday School Teacher" was a splendid effort and showed much study. D. C. McCollum and Rev. Jones made splendid talks and after a collection was taken up the convention adjourned.

Marked For Death.

"Three years ago I was marked for death. A grave-yard cough was tearing my lungs to pieces. Doctors failed to help me, and hope had fled, when my husband got Dr. King's New Discovery," says Mrs. A. C. Williams, of Bac, Ky. "The first dose helped me and improvement kept on until I had gained 68 pounds in weight and my health was fully restored." This medicine holds the world's healing record for coughs and colds and lung and throat diseases. It prevents pneumonia. Sold under guarantee at Penny's Drug Store, 50c and \$1. Trial bottle free.

Charles M. Schwab testified at the tariff hearings and asserted that the present tariff is needed to protect the steel industry. Mr. Schwab was closely questioned about a letter he wrote to Henry & Frick saying that steel rails were made in this country for \$7 less than in England.

Japan is about to make her first real census. Heretofore the population has been estimated on the birth and death returns.

Chicago's City Physician estimates there are 100,000 users of cocaine, opium and morphine in that city.

KINGSVILLE.

The Q. & C. inspection train passed through here Tuesday.

The debate at the school house Friday night was postponed on account of the rain.

Ernest Flint is clerking in Walter's store. Wallace Walter spent Sunday and Monday with his brothers at Stanford. Will Carey spent Sunday with family here. He is breaking on a local between Danville and Ludlow.

Attorney W. S. Burch was here on the 10th and 11th telling the democratic voters how much he loved them and trying to find out how much they loved him. Nicholas Charles, of Oakdale, Tenn., signal engineer for this division, was here doing some repair work for the Q. & C.

Ed Rigney is working as operator and agent for the Q. & C. at Waynesburg. He will be there until after the Christmas holidays. Dr. Acton attended the meeting of the medical society at Stanford. He was selected as a delegate to represent the society of Lincoln county in the State Medical Convention which is to meet in Louisville next October.

C. D. Evans is building some addition at room to his lumber mill. Mr. Evans says he will erect a two-story, up-to-date furniture factory upon the lot adjoining his mill if the people of this vicinity will take enough interest in the enterprise to purchase the lot and donate it as a site for the furniture factory. Such an establishment would benefit the town very much and should receive encouragement from all enterprising citizens.

Victor C. Gilliland, who is teaching the school near Duncan, spent Sunday with his homefolks at Eubanks, Virginia, the three-year-old daughter of Morris Wall, has been very sick, but is some better. J. G. Devaur, of Woodford, and J. H. Yarnall, of Jessamine, were here on a prospecting tour. They are interested in the cultivation of tobacco and are thinking of locating in this section. They drove the entire trip in a buggy in order that they might see all the country through which they passed. Miss Eva Francis is visiting her sister, Mrs. W. L. McCarty, at Stanford.

The farmers and business men had a meeting in Thompson's Hall on the night of Dec. 10. The question of raising a crop of tobacco next year was discussed. Quite a number of farmers expressed their intention of raising a crop as the prices that are being realized now make the cultivation of the weed very profitable. We understand that Dr. Thompson offered to give the lot if a tobacco warehouse should be built and operated for the benefit of tobacco raisers here. The object is either to form a home company or induce some individual to build the warehouse. This matter will be decided upon at some future meeting.

OTTENHEIM.

F. L. Davis & Son have a nice selection of choice Christmas candies and fireworks.

Anderson & Nickula bought a good bunch of yearling heifers from various parties. They also bought a bunch of shoats from Mack Petrey.

There is a new stock buying firm here. It is Anderson & Nickula, and they buy anything from a knob scrub hog to a thoroughbred trotting horse.

W. T. White's school will be out Friday and he will then be able to devote his entire time to his store and any one wanting Xmas toys and goods will find them to their satisfaction at his and John Wentzel's stores. Both have a nice selection.

M. F. Boone, who has been living at Somerset for three years, has moved to this place and is running a blacksmith shop on an up-to-date scale. He solicits a share of the public patronage. Mr. Boone, it will be remembered, is a natural-born genius and rarely ever meets an obstacle that he can not remove. He will be assisted by his brother, Gray Boone.

Medicine That is Medicine.

"I have suffered a good deal with malaria and stomach complaints, but I have now found a remedy that keeps me well, and that remedy is Electric Bitters: a medicine that is medicine for stomach and liver troubles, and for run down conditions," says W. C. Kleister, of Halliday, Ark. Electric Bitters purify and enrich the blood, tone up the nerves, and impart vigor and energy to the weak. Your money will be refunded if it fails to help you. 50c a Penny's Drug Store.

"Why don't you go down Mill Street?" "Well, you see, on one side of it lives my tailor and on the other side my shoemaker, while a canal runs through the middle."—Meggendorfer Blaetter.

Preventives—those Candy Cold Cure Tablets—will safely and quickly check colds and the Grip. Try them once and see! 48-25c. Sold by Penny's Drug Store.

BRODHEAD.

Rev. Pike filled his appointment at Freedom Saturday and Sunday but on account of the small-pox scare did not preach at Mt. Vernon where he also has charge.

Most of the schools in this county will close this and next week. It is claimed there has been more interest taken in the common schools both by pupil and teacher this year than ever before.

The next fifth Sunday meeting of the executive board of the Rockcastle Baptist Association will be held with Freedom church Saturday and Sunday, Jan. 30 and 31. The program for the exercises has not yet been completed but will be out soon.

Mrs. J. W. Newland, of Lebanon Junction, was with her parents, Mr. and Mrs. G. E. Painter first of week. Mrs. Newland will leave for Melbourne, Fla., soon after Christmas where she will spend balance of winter in search of health. Mrs. Newland says her condition now is not near so bad as people try to make it.

Every farmer who pretends to be a farmer and has not all his corn gathered and cribbed should sell out and give way to a sure-enough farmer. There has hardly been a day this fall but work on the farm could be done. If there are not larger and better crops raised next year it will not be the fault of the country. There is no timber to fool with and no public work of any consequence—nothing to do but dig and why not dig? The night riders have not yet heard of those parts and a crop of tobacco would stand a good show.

Rev. T. M. Smith, after serving as pastor of the Baptist church here three years, preached his farewell sermon Sunday night. He has made a splendid pastor, endearing himself to the people and has not failed to "content earnestly for the faith which was once for all delivered unto the Saints." Rev. Smith is a young man, was born and reared in Whitley county near Woodbine, graduated in the Williamsburg schools, afterward completing a course in the Theological Seminary at Louisville. He is in poor health and will soon move with his family to Northwestern Texas, making that his home, and try to regain his health.

This part of the country is somewhat stirred up over a contagious disease which is spreading very fast and called by most of the physicians, small-pox, though some of them claim different. At any rate whether it be small-pox, chicken-pox, as is claimed by most people, it is best to avoid coming in contact with. So far it is of a mild nature and those who have taken it claim it does not sicken very much and all soon get over it. Drs. Gravely and Carter contend that it is genuine small-pox and are very vigilant in trying to prevent it spreading. Whether or not the disease now prevailing in and around Mt. Vernon is the same as that through this part of the county is hard to say.

Christmas week will in all probability be a lively one here. Several attractions are booked. The Christian church Sunday School will give a free entertainment, consisting of songs, recitations, etc. The Baptist people or a few members and others will give an entertainment on Dec. 25th in the way of a play entitled, "Josiah's Courtship," which promises to be full of laughter. The proceeds of this entertainment will go toward paying for the chairs in the church. Several socials are booked, perhaps a wedding or two and judging from the amount of booze already coming in and more which has been ordered, it will be a lively place but we anticipate no bad times, for our little town has the name of being a quiet one.

This is Worth Reading

Leo F. Zelinski, of 68 Gibson St., Buffalo, N. Y., says: I cured the most annoying cold sore I ever had, with Bucklen's Arnica Salve. I applied this salve once a day for two days, when every trace of the sore was gone." Heals all sores. Sold under guarantee at Penny's Drug Store. 25c.

A little widow now and then Plays havoc with the single men. She smites our hearts with glances bright. Beware, O men, the widow's smite. —Houston Post.

Guilty Of Counterfeiting.

Passing counterfeit money is no worse than substituting some unknown worthless remedy for Foley's Honey and Tar, the great cough and cold remedy that cures the most obstinate coughs and heals the lungs. New Stanford Drug Co.

I am a candidate for the Democratic nomination for circuit judge of this district, composed of the counties of Lincoln, Garrard, Boyle and Mercer. M. C. SAUFLEY.

LANCASTER.

Lack of water still prevents furnishing the plant enough water to run full time.

All the churches will unite and have one immense Xmas tree at the court house.

As Christmas approaches, attendance at the Sunday Schools is greatly increased.

Master Commissioner J. M. Rothwell, who was accidentally shot, is still confined to his bed, but is improving rapidly.

Much more hog meat will be saved than was at first expected. That killed during the first cold spell will nearly all be saved.

The dance club will give a swell hop at Armory Hall on the 22nd. Smittle's Harp Orchestra, of Cincinnati, will furnish the music.

The Sweeney store room is undergoing extensive repairs, including the placing of a plate glass front. It will be occupied by Smith & Herring.

The Lancaster brass band will play for the Christmas tree at the court house. Those in charge are working hard to make the event one of great pleasure for the urchins.

Dr. E. H. Pearce, pastor of the Methodist church, delivered a most excellent address Sunday evening on the gathering of the Council of American churches in Philadelphia. All other churches discontinued their usual services, the congregations going to hear Dr. Pearce.

We have heard much favorable comment upon the splendid work done by County Attorney Joe E. Robinson during the recent term of court. Mr. Robinson is a good lawyer and an absolutely fearless prosecutor, who gives his best talents to his duty. He has made a splendid official.

T. S. Elkin, who has conducted a meat market in Lancaster since the memory of man runneth not to the contrary, has moved to Danville and opened a similar establishment. Lancaster friends wish him much success. His son, Robert, will continue business at the old stand in Lancaster.

Mr. W. B. Burton shipped to Wilson, N. C., Monday, 19 mules and six horses. He paid an average of \$180, for mules and \$165, for the horses. He sold a pair of mules to Pony Beazley for \$320. Mr. Burton is one of the most successful dealers in the State, as well as being a mighty straight, clever fellow.

Mrs. Juliet Gill Rogers and Mr. Edward Banard were married at home of the bride's mother, Mrs. Pattle D. Gill, in this city Wednesday at one o'clock, in the presence of immediate relatives. The bride is a great favorite with the social circle of Lancaster, and is a lady of many accomplishments. Mr. Banard is in the employ of the U. S. Government surveying department, his home having been in New York until recently, when Washington City was made his headquarters. The couple will reside in Washington.

After a brief illness, Mrs. Lucy Sutton died at her home near town Saturday. Funeral services were conducted at the residence Sunday afternoon and concluded at the Lancaster Cemetery. Mrs. Sutton was the widow of the late Henry Sutton, and mother of Mr. Clay Sutton. She was widely connected and greatly beloved by all who knew her. Her pure, christian life made many friends who deeply deplore her death. She was a life-long member of the Fork church, and a woman whose many noble deeds will live after her.

Mrs. W. S. Elkin, of Atlanta, Ga., Mrs. John G. South, of Frankfort, and Mrs. Lottie Warren, of Stanford, attended the Banard-Rogers wedding. Miss Jennie Lackey has returned from a visit to friends in Paris and Lexington. Miss Mayme Ballard, of Bryantsville, has been the pretty guest of Mrs. Emma Higginbotham. Mr. and Mrs. Banks Hudson have returned from Cincinnati. Mr. Leslie Herndon and bride have been visiting relatives in this city. Judge and Mrs. W. C. Bell have returned to Harrodsburg. Mrs. Bell is a great favorite in Lancaster society. Miss Annett Tomlinson has returned from a visit to Lexington relatives.

Monday night, thieves entered the warehouse at the Pilgrimage Distillery property, and bursting the head from a barrel, took about 15 gallons of whiskey. As there is no night-watchman, the loss was not discovered until Manager T. E. Waterfill went on duty early next morning. No clew has been obtained, but, as Uncle Sam never gives up on a case, it is safe to say the parties will be found. The Pilgrimage is under able management of T. E. Waterfill, who is a splendid man for the place, and who looks after every detail of the property, but as it is far from town, and not under a night-watchman, the wonder is that it has not been entered before. Ben D. Herndon is the storekeeper-gauger, and is only on day duty.

Mrs. James Carlisle, aged 90, and a well-known woman of Bullitt county, is dead.

THE following from the Elizabeth-town News expresses our sentiment so concisely and well that we cheerfully give it the most conspicuous publication possible: "The News took a firm stand and earnestly protested in the last State campaign against Prohibition being made a Democratic doctrine. The News is just as much opposed (only a little more so) to the Democratic party being run as an asset of the liquor interests. The symptoms that such is the purpose of some people is so evident that the Democrats in the State had better get their eyes open and offer a protest before it is too late. The defeat on a prohibition platform won't be a marker compared to the defeat that will follow if the liquor interests dominate the party in the next campaign."

FOLLOWING the reading of the president's special message on the Brownsville affair in the Senate, Senator Forsaker spoke at some length and read several letters from Negroes discharged from the service. Senator Forsaker advocated putting the cases of the troops in the hands of a board of three retired army officers and sharply criticized the manner in which detectives have followed the Negroes since their discharge.

OLD Virginia still wears the palm for furnishing presidents, with Ohio a close second. She has given seven and Ohio five. The Virginians are Washington, Jefferson, Madison, Monroe, William H. Harrison, Taylor and Tyler, having been born in that State. Ohio has given us five Federal executives: Grant, Hayes, Garfield, Benjamin Harrison, McKinley and Taft.

THE Kentucky Issue is authority for the statement that the whisky people will abandon their fight in Tennessee, having read the handwriting, and that their attention is now turned on Kentucky.

THE anti-saloon people seem to be on the increase in Boston. That city voted for saloons by a majority of 8,000, against a 25,000 majority three years ago.

"That Jailer's race was a record-smasher. Think of a difference of only one between the first two men, of six between the leader and the third man, and only about 150 between the winner and the last man in a race where there were six entries and a large vote polled!"—Todd County Times.

CHURCH MATTERS.

The Baptist Association of the United States, composed of churches not in accord with the Southern Baptist convention, and its mission workers convened at Fulton, this State, for a three days' convention.

The union revival at the Methodist church rolls on with increased interest. There were never four pastors more untiring in their efforts to help a town than those we have in Stanford. The Guice-Harbin meeting is drawing large crowds and the singing is sweet indeed. They seem to depend greatly on prayer for success. Quite a number have been saved and new altars are being erected. Women's prayer meeting at the Methodist church at 3 P. M. Services for men only at the Presbyterian church at 3 P. M. Rev. Harbin will preach. Union rally services at the Christian church at 7 P. M.

Heart Strength

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves. This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with
